

Historic of the Flame of Love of the Immaculate Heart of Mary Movement in the world

We recount in this document, various research undertaken by Gérard Picard concerning the Flame of Love Movement in the world. He has researched various documents in his library. The vast majority of these documents are

in Spanish.

Gérard has been learning Spanish for several years and it is mainly his trips to South America that have helped him a lot.

Thank you very much to Gérard for his great dedication to the work since the year 1998. Today, her research will help many people who want to learn more about the work and where it comes from.

(The statue you see on the cover is made in Mexico)
